SIMPLE, AFFORDABLE STEPS YOU CAN TAKE TO PROTECT WHAT'S YOURS

By the time you're named as a defendant in a lawsuit or divorce proceeding, it may be too late to protect your assets. The time to shield the hard-won fruits of your labor is now! Fortunately, protecting your assets can be much easier and far less expensive than you think. In this complete, practical, and easy-to-follow guide, leading tax and estate planning attorney and bestselling author Martin Shenkman presents the steps you can and should take to protect your home, your savings, and other assets from creditors, litigants, and divorce. Shenkman explains the essential concepts of protecting what you own from

malpractice claims, lawsuits, and divorce. This book offers step-by-step guidance in determining which asset-protection strategies and techniques are right for you. You'll learn numerous legal and effective methods you can use to: * Protect your personal assets from business and professional claims * Protect your assets and your heirs' assets from divorce * Minimize your risk of lawsuits and other claims against your assets * Create limited partnerships and LLCs to protect your assets * Make your home-based business judgment-proof * Use domestic trusts to protect against lawsuits * Secure real estate and stock holdings against lawsuits Attorney Mintz describes the latest strategies for insulating and shielding assets from potential lawsuit liability. Detailed examples, diagrams, and real life case studies are provided for using Family Limited Partnerships, Limited Liability Companies, Asset Protection Trusts, and creative privacy plans. When you need accurate, up-to-date information in the rapidly changing field of asset protection, you need the most authoritative resource available. You need Safety, Health, and Asset Protection: Management Essentials, Second Edition. It covers regulatory compliance, technical standards, legal aspects, risk management, and training requirements. The chapters on communication and management skills assist you in functioning as an effective member of your unit's management team. In light of the global workplace, the book highlights some of the technical standards and cultural approaches to asset protection in the international arena. See what's new in the Second Edition: Fire Protection Safety Engineering Standards Get complete, updated coverage of: Safety and Health Systems Management Environmental Management Professional Management International Developments Standards of Competence Written by widely experienced asset protection practitioners and edited by one of the field's most experienced professionals, Safety, Health, and Asset Protection: Management Essentials, Second Edition has been extensively revised and expanded to ensure that you will have the essential information required to maintain competency and confidence in your profession. This asset protection guide for small business owners presents the latest techniques for preserving family wealth, legally avoiding personal liability in the operation of a business, and keeping personal assets away from business creditors. Simple forms make it easy to carry out the book's advice. Asset Protection in Florida covers all facets of asset preservation for Florida residents. The Fourth Edition manual provides comprehensive analysis of the many steps available to protect assets from creditors' claims, both during your lifetime and at death. Among the many topics covered are homestead, trusts (both domestic and offshore), business planning, planning for dissolution of marriage, protection of retirement and education accounts, and the ethical aspects of advising clients on asset protection issues. Bankruptcy issues and tax planning are prominently featured throughout the text. The eBook versions of this title feature links to Lexis Advance for further legal research options. This updated volume brings together the knowledge of multiple experts in the field of asset protection to provide an in-depth, professional analysis and review of the key issues that lawyers and financial planning professionals face in advising clients on plans designed to achieve the goals of tax savings, providing for other family members, and protecting the estate from creditors. Congratulations! You have worked hard for many years and own a booming business; or perhaps you are a successful doctor, attorney, CPA, or another high-income earner. Making that money was difficult; now, you have to create a strategy to keep it. Unfortunately, you are on the radar with pending lawsuits from other businesses, employees, business partners, past marriages, relatives, the government, or anyone else who thinks they can reach your assets. With a little knowledge and access to the Internet, anyone can discover a lot of information about you, including: your home, cars, boats, real estate, bank, and investment accounts -- essentially everything you own. On average, 80,000 lawsuits were filed in 2006 each day. Fortunately, you can act now to protect yourself and family later. In this easy-to-read and comprehensive book, you will learn the simple steps you need to do to protect yourself before there is a problem. The book provides a number of worksheets to help you decide the best plan of action for your financial position and personal needs. You will learn the ins and outs of protecting yourself and your family through legal methods, such as corporations, family limited partnerships and trusts, family saving trusts, offshore trusts corporations, and limited liability companies (LLCs). You will learn how to reposition your assets into legal entities that you control, creating bullet-proof security. You will learn about irrevocable living trusts, creating and maintaining LLCs, equity-stripping techniques, privacy plans, durable power of attorney, bankruptcy legislation, and estate planning for high-income individuals, as well as living, testamentary, and pour-over wills. The trick is to own nothing directly but control everything legally. Lee Hadnum FCA CTA, author of "The Worlds Best Tax Havens" and other bestselling offshore guides looks at how you can protect and safeguard your assets. Given the growth in the litigation culture, there's been a rush by many professionals that work in areas with a high risk of litigation to protect their assets. The worry is that they could potentially be sued and lose a significant chunk of their wealth that they have accumulated over the years. The perceived risk of such litigation has grown due to the number of seemingly frivolous claims that have been made against wealthy professionals. The current view is that if your assets are obvious and easily reachable, you are pretty much a sitting duck. It's not just professionals though who are interested in protecting what's theirs. Essentially if you look as though you have deep pockets there is a risk. In our new Asset Protection book we look at a whole range

of Asset Protection scenarios where you can ringfence and safeguard your assets. After reading this guide you'll know what you can and can't do to protect you and your family assets. Contents include: Asset Protection in General We look at the main strategies that everyone can use to protect their wealth. Asset Protection in a Recession The depressed economy raises a number of complex issues for anyone looking at asset protection strategies. We look at specific strategies that can be used. Different Types of Entities Using onshore and offshore entities can be very attractive for an asset protection strategy. We look at the key entities and how and when they can be used (including Ltd company's, LLC's, LLP's, IBC's, Protected Cell Company's, Foundations and Trusts). Using a Trust to Protect Assets Trusts have specific benefits for asset protection and are still the bulwark of many asset protection strategies. Using a Company to Protect Assets Companies are often used in conjunction with trusts, as aside from tax planning advantages there are various practical benefits. We look at how these can be used. Protecting Assets on Divorce We look at the latest strategies for protecting assets on divorce including a look at how the courts approach a matrimonial separation. Trusts, pre and post nuptial settlements and forum shopping are also considered. Safeguarding your Will Ensuring that your assets are left to who you want is important. We look at how this can be achieved. Care Home Fees Planning We look at how to ensure your assets aren't used to fund care home fees. Using Offshore Bank Accounts Offshore bank accounts can still be useful providing they are used for the right purposes. The Protection Book describes steps to: *Create a Superior "Private Will" that supersedes typical Wills. *Get Discretionary Benefits and Spendthrift Protection *Protect yourself from the legal and financial ravages of Disability *Provide for Personal Care, Children and Guardianship *Manage & protect assets regarding disability *Keep finances and beneficiaries private. Eliminate publicity *Eliminate probate, attorneys fees, disputes, & court costs *Minimize lawsuit concerns and insurance claims *Eliminate the need for a court appointed Guardianship *Minimize Family Conflicts and disputes with friends *Minimize Support expense & Medical expense *Minimize Education Expense *Manage, defer, reduce, transfer, or eliminate Taxes *Distinguish the hype from Professional Trust Experts *Understand documents Sample documents are provided; all of the legal forms, finance checklists, including many typical examples. How to shield your assets from creditors and other claimants You've worked long and hard for your assets, from your business and home to hard-earned savings and investments. To safeguard them—particularly against liability suits, "America's number one indoor sport"—A Guide to Asset Protection offers proven strategies to help you keep what you may have spent a lifetime earning. Written by an attorney who specializes in tax, estate, and asset protection planning, this indispensable reference is filled with sound advice and practical tips on how to avoid the litigation jungle, as well as revealing insights on how creditors find and get at your assets. Actual case histories and model agreements steer you through the essentials, including: Protection through trusts—irrevocable trusts and gift taxes, life insurance trusts, foreign asset protection trusts (FAPTs) Fraudulent conveyances—the laws of fraudulent transfers, what fraudulent conveyance is (and is not) Asset protection for married couples—separate and community property, transmutation agreements Using family limited partnerships—limited liability companies Employing qualified retirement

plans—anti-alienation rule, nonqualified retirement plans, individual retirement accounts (IRAs) Filing bankruptcy to protect your assets—dischargeable taxes, pre-bankruptcy planning, Chapter 7 and Chapter 13 The 3 Bucket Method For Asset Protection developed by Texas board-certified estate planning and probate attorney Joseph Michael Dickerson, distinguishes different business opportunities and identifies how to strategically separate risk into "three buckets". Dickerson has helped hundreds of his clients avoid business catastrophe by implementing this strategy and bringing to light the magnitude of risk exposure. The 3 Bucket Method for Asset Protection is a proven system, that helps you reveal the magnitude of your risk exposure, distinguishes business opportunities and identifies how to strategically separate risk into "three buckets".

Written by Texas Board-Certified Estate Planning and Probate attorney, Joseph Michael Dickerson, he has helped hundreds of clients overcome & more importantly prevent business catastrophe since 1995 with a solid track record of client success . It isn't enough to just learn from a book. Mr. Dickerson and the team at The J.M. Dickerson Law Firm will help you also do what it takes to protect your business and assets for generations to come. This book can help anyone who wants to protect what they have worked so hard for. What are the legal risks of my activities? Is liability insurance enough? How do I stay out of court? What laws are unique to me as a Georgian? These are likely all questions that have crossed your mind--detailed questions that delve into a legal system that may seem daunting to an unfamiliar eye. But there's good news: You can protect your assets. You can stay out of court. You can learn the suggestions and techniques for you as a Georgian. Here's how: In *Asset-Protection Planning for Business Owners, Real Estate Operators, Professionals, and Investors in Georgia*, Harold Hudson provides general information to you--a Georgia business owner or resident--on how to structure your affairs to help protect your assets by covering: -Georgia Comprehensive Asset Protection Planning; -how to avoid fraudulent transfers; -the importance of choosing a lawyer who understands specific laws in Georgia; -how certain contract provisions can keep you out of court and minimize your liability to others; -the decision to reduce or eliminate liability and/or malpractice insurance; -and more . . . Don't let lack of planning and preparedness prevent your future success. Protect your assets, understand the rules you operate under, and take action! This book cuts through the confusion that pervades today's real estate investor's understanding of asset protection. It provides in-depth, easy to understand analysis of different asset protection entities as they relate to real estate investing. A complete planning toolbox with: a full range of domestic and international structures, from simple spendthrift clauses through equity strips to collapsing bridges. Featuring the insights and strategies of leading asset protection strategist, Barry S. Engel, the *Asset Protection Planning Guide* helps advisors master the multitude of asset protection planning vehicles available, understand the strengths and weaknesses of those vehicles, and achieve the goals of clients. The ideal reference for estate planning attorneys, trust officers, tax practitioners, financial planners, and other wealth planners, the *Guide* covers every aspect of asset protection planning -- describing the various asset protection plans, when to use them, why specific strategies are used, and which countries to go to for protection. It describes the complex mix of tools and techniques available to the planner in designing successful, solid plans -- offering a wealth of practical advice,

helpful "how-to's" and practice tools, sample documentation language, and a sample trust. This new edition reflects the most recent developments in asset protection planning. This practical resource covers every aspect of this complex area, giving users the security of knowing they'll be well informed as they help clients safeguard their assets. Topics covered include: - What Is Asset Protection Planning? - Asset Protection Planning and Fraudulent Transfer Law - Gifting as a Planning Tool - Joint or Concurrent Ownership as a Planning Tool - Exemptions as a Planning Tool - Foreign Annuities and Foreign Insurance Products - Family Limited Partnerships as a Planning Tool - Insurance as a Planning Tool - Domestic Trusts as a Planning Tool - Alternative Tools Under Other Legal Systems - Foreign Asset Protection Trusts as a Planning Tool - Expatriation as an Asset Protection Tool - Protection of Retirement Benefits - Ethical, Civil, and Criminal Considerations for the Asset Protection Planner

The Guide includes nu We inhabit a time in which our rights and freedoms are under assault. Of these, our liberty to own and control property as assets is one of the most frequently attacked. Commonly, this is performed through the abuse of existing laws and systems. Trivial lawsuits and excessive judgments have become commonplace and rampant, transforming the judicial system to an instrument of wealth redistribution. It is alarming that our properties are under threat from the government through its misuse of power and disregard of due process. There is also the possibility and high probability of governmental administrative error. In 1997, the General Accounting Office determined that almost 50% of all Internal Revenue Service (IRS) letters sent to taxpayers contained wrong information. Tax penalties, about 1.5 million of them, were mistakenly assessed in 1998. What this means is that an IRS agent can commit an administrative error for which you will be forced to pay for fear that your assets would be confiscated. This is why you need an asset protection program. This is why you need this manual. This manual will ease you into the world of asset protection. It provides you with what you must know, the basics, of this means of defense. It describes what you may find useful in the creation and implementation of a program designed for your needs. Be reminded, however, that this is not a do-it-yourself book. It is designed to be an educational resource to complement consultation with a local lawyer and the services offered by Acacia Business Solutions. Realize that asset protection is complicated with legal and tax issues. Also, another person's program may not be applicable to your needs. For those reasons, any decision you make related to asset protection should not be based only upon what you read here – it must be made in consultation with expert professionals. "This book offers background and overview on Domestic Asset Protection Trusts by state"-- COVERING YOUR ASSets is not a guide on how to accumulate assets. It is written specifically for people who have already accumulated assets, or are on their way to doing so, and wish to preserve and protect those assets. It is written in a unique format that will allow you to isolate your specific life situation and read only material applicable to you. You will learn about what the Wealth Planning process should actually entail, the Thirteen Wealth Management Issues (twelve of which that are ignored by many Financial Planners), the synergy that should come from the integration of these oft-ignored issues, and how to properly build a Wealth Planning Team. Twenty-seven complex strategies and techniques are explained in simple terms and presented in such a way that they can be easily understood by any layman.

COVERING YOUR ASSETS is an informative, enjoyable and easy to read guide for anyone wishing to Preserve and Protect what they have accumulated. The proliferation of lawsuits throughout society exposes business owners, physicians, and other professionals to enormous risk if they don't adequately protect their personal and business assets. In The ABA Consumer Guide to Asset Protection, leading asset protection attorney Jeffrey Matsen provides a step-by-step guide to creating a "shield of liability" around personal and business assets through a combination of business and investment entity selections; estate planning techniques; and the creation of appropriate trusts. Matsen's multi-tiered approach is designed to help virtually everyone who has significant assets and to provide a plan appropriate to their particular circumstances. Readers will gain the knowledge to choose the right advisor and actively participate in the creation and management of their own asset protection plan." The Asset Protection and Security Management Handbook is a must for all professionals involved in the protection of assets. For those new to the security profession, the text covers the fundamental aspects of security and security management providing a firm foundation for advanced development. For the experienced security practitioner, it provides Accounts receivable financing is one of today's hottest marketed business strategies. It involves borrowing against your receivables on an interest-only basis and then investing the proceeds in a tax-deferred annuity or life insurance product. The first goal is to successfully arbitrage the simple interest you pay on the loan against the compounded growth within the annuity or life insurance product to increase your retirement funding. The second goal is to remove the value of the accounts receivable away from the reach of business creditors and place it into an asset protected environment. But are these goals really met? Yes or No, depending on how the program is structured. Not all accounts receivable financing programs are alike and, as you may find out too late, nobody looks out for your interests in these transactions. Financing Accounts Receivable for Retirement and Asset Protection presents a candid look at the subject, including the mechanics of such programs, economic underpinnings, asset protection and tax issues. An overview of the types of annuities and life insurance products used in accounts receivable financing is included, plus information on alternative programs, factoring and finding the right program for you. This is the first and only book in print on asset protection planning specific to California residents. It presents a sophisticated and in-depth look at the law in an easy to read and understand manner. Full of practical advice and real-life stories, it covers many commonly used asset protection techniques and structures. Learn what you can do today to protect your home and life savings! California is the most litigious state in the Union, according to the National Federation of Independent Business (NFIB), but business owners and professionals need not fear! Finally, respected tax and asset protection attorney Reed Scott provides a no-nonsense, practical book specifically for the California business owner and professional. This useful guide demonstrates how California asset protection is unique and why not knowing your options can destroy your business and family in an instant. Topics covered include: - How to protect your business from employee or customer lawsuits; - How to protect your personal investments from lawsuits or attachment; - How to protect your business and personal real estate from creditor claims; - How to protect your professional practice and personal assets from patient or client

lawsuits; - Why liability or malpractice insurance offers limited protection; - Why limited liability companies, partnerships, and corporations are not the best form of asset protection; and - Your unique California asset protection rights that most people are not aware of. Rob Lambert, quoted in USA today as having lost all his assets, has now spent the better part of a lifetime helping others learn how to protect their life long earnings. After doing many plans over the years, Rob realized that people need a real sense of how all this works. He writes a revealing book on how to protect your assets in a nutshell. Its clear, concise and straight forward approach gives you the knowledge you need to make sound decisions with your money. You will sleep soundly knowing your money is safe. A tax-smart guide to keeping more of the wealth you build Three obstacles to wealth-lawsuits, income taxes, and estate taxes-can and will destroy the financial achievements of those who fail to properly safeguard their assets. In this book, attorney and tax strategist J.J. Childers lays out a plan for combating these forces so that anyone willing to learn and apply the secrets of the wealthy can do so in a smart, simple, and effective way. J.J. Childers (Little Rock, AR) is a licensed attorney specializing in wealth structures that reduce taxes and shield assets. He speaks on these topics to thousands of individuals, investors, and small business owners each year. His unique ability to explain complicated strategies in simple terms has made him one of the nation's most sought-after speakers and practitioners on asset-protecting legal structures. The Protection Book describes steps to: *Create a Superior "Private Will" that supersedes typical Wills. *Get Discretionary Benefits and Spendthrift Protection *Protect yourself from the legal and financial ravages of Disability *Provide for Personal Care, Children and Guardianship *Manage & protect assets regarding disability *Keep finances and beneficiaries private. Eliminate publicity *Eliminate probate, attorneys fees, disputes, & court costs *Minimize lawsuit concerns and insurance claims *Eliminate the need for a court appointed Guardianship *Minimize Family Conflicts and disputes with friends *Minimize Support expense & Medical expense *Minimize Education Expense *Manage, defer, reduce, transfer, or eliminate Taxes *Distinguish the hype from Professional Trust Experts *Understand documents Sample documents are provided; all of the legal forms, finance checklists, including many typical examples. Wealth owners are responsible for more than just assets The Destructive Power of Family Wealth offers thoughtful, holistic planning to ensure that your wealth remains a positive force for your family. While today's families have become global and the world has become smaller and more mobile, we have not yet become immune to the problems wealth poses to the family unit. This book provides authoritative guidance on family wealth management, with an emphasis on both family and wealth. Global taxation regimes, changing bank secrecy laws, asset protection and other critical issues are examined in depth to assist wealth owners in planning, and the discussion includes details on the essential tools that aid in the execution of any wealth management strategy. More than a simple financial planning guide, this book also delves into the psychology of wealth, and the effect it has on different family members; wealth destroys families every day, and smart management means maintaining the health of the family as much as it means maintaining and expanding wealth. Family wealth brings advantages, but it also carries a potential for destruction. Wealth owners have a responsibility to their families and to themselves, and

this book provides the critical guidance you need to get it right, whether you are part of a wealth-owning family or are an advisor to wealth-owning families. Learn how careful planning can prevent family strife Protect assets from risks ranging from divorce to political upheaval Explore the many tools that facilitate secure wealth management Discover how changing global regulations affect wealth Understand how private banks and other advisors work Uncover challenges faced by the wealth management industry Find out how to work with advisors and to manage costs while ensuring efficient and effective outcomes Families at all levels of wealth are vulnerable to shifting economic climates, evolving regulatory issues, asset threats and more. Any amount of wealth is enough to shatter a family, but deeply intentional planning based on thoughtful consideration is the key to keeping destructive forces at bay. **The Destructive Power of Family Wealth** provides expert guidance and a fresh perspective to help you maintain both family and wealth. For those in the wealth management industry and for other advisors to wealth-owning families, **The Destructive Power of Family Wealth** contains insight on the needs of today's wealth-owning families, ways in which the tools of wealth planning address those needs and guidance on what it takes to be a successful, trusted family advisor. **A Lawyer's Guide to Asset Protection Planning in California** is the first and only treatise on asset protection planning specific to California. A desktop reference guide that every attorney in California should have. In-depth coverage of the underlying substantive law and legal doctrines, with a review of applicable statutes and cases. Analysis of the most commonly used structures and planning obstacles. The book focuses largely on California law and planning for California clients, but where appropriate, covers the laws of other leading asset protection jurisdictions like Delaware, Nevada, Cook Islands, etc. In addition to the substantive discussion, this book also takes a revealing look at the practical aspects of asset protection. Is it ever too late to plan? Is it safe to place assets offshore? How to pick the right structure for your client? What really works and what does not. Learn how to protect your clients' assets from plaintiffs and creditors. Coverage includes planning with community property, domestic and foreign business entities, domestic and foreign trusts and retirement plans. Specific emphasis will be placed on protecting assets in a troubled economy, including protection from lenders and landlords holding personal guarantees. You'll learn various ways, from the very simple to the very sophisticated, to protect specific assets common to all clients: houses, bank and brokerage accounts, rental real estate, businesses and professional practices and retirement plans. **A PRACTICAL TAKE ON PROTECTING YOUR CLIENTS' ASSETS** The only legal treatise on asset protection planning specific to California! An in-depth discussion of law, legal theory and the practicalities of implementing asset protection. The book is full of real-world client anecdotes and practical takeaways. Strategies that are effective and legal for putting one's assets safely out of reach In today's increasingly litigious world, the shielding of assets has become a prominent issue for financial planners, business owners, and high-net-worth individuals. **Asset Protection** details methods that are both legally and morally legitimate for protecting one's assets from creditors, lawsuits, and scams. Bringing economic common sense and legitimacy to an area that is drowning in gimmickry, two of today's top lawyers examine the fundamental issues in this growing area, avoiding dense legalese to make the book

accessible to anyone. Asset Protection covers everything readers want to know about: Establishing an effective asset protection program Today's most popular, established strategies Newer strategies that are still being resolved by the courts Death and taxes are what most people are planning for in traditional estate plans, but this type of planning does nothing to protect your family from the things that are actually destroying America's wealth and health. Learn why modern estate planning is more about asset protection than ever before. With this book you'll discover how to protect: * Your assets from devastating healthcare costs! * Your estate from changes in the tax law! * Yourself and your spouse from predators! * Your family from remarriages and divorces! * Your grandchildren from losing their inheritance! The latest edition of Asset Protection & Forms features— State statutes to consider when choosing the situs of a DAPT. Nevada Supreme Court confirms that properly created DAPTs within the state of Nevada are protected from spousal support and child support claims. Why South Dakota trusts can fill certain gaps in a plan that uses Nevada trusts. Strengthening the case for the International Asset Protection Trust (IAPT). Recent developments in the Alaska courts raise major concerns over using Domestic Asset Protection Trusts (DAPTs). Corporate tax issues. The Tax Cuts and Jobs Act of 2017 radically changes the federal income taxation of corporations. Planning in California using an LLC and a Private Retirement Trust. California residents have the opportunity to combine exemption planning and equity stripping using a Private Retirement Trust ("PRT"). Counter-intuitive planning ideas with life insurance. Alternative uses of life insurance offer interesting planning opportunities for the right situation. Guidance on administration of charitable trusts. In private letter rulings , the IRS rules that failures of administration by a trustee were too much to overcome and the trusts were treated as though they did not meet the definition of Charitable Remainder Unitrusts. Expansion of Chapter 13 to cover administration of corporations and other entities. A checklist of the minimum items for each entity to avoid piercing or reverse piercing of the corporate veil is included. A tax-smart guide to keeping more of the wealth you build Three obstacles to wealth-lawsuits, income taxes, and estate taxes-can and will destroy the financial achievements of those who fail to properly safeguard their assets. In this book, attorney and tax strategist J.J. Childers lays out a plan for combating these forces so that anyone willing to learn and apply the secrets of the wealthy can do so in a smart, simple, and effective way. J.J.
