**The Secret Life of Clams** Jun 28 2022 Get up close and personal with an amazing creature that has invaded our lexicon as well as our restaurants. It breathes with tubes, it has no head or brain, it feeds through a filter, and it is the source of dozens of familiar proverbs ("happy as a clam!"). Clams, it turns out, have been worshipped (by the Moche people of ancient Peru), used as money (by the Algonquin Indians), and consumed by people for thousands of years. Yet *The Secret Life of Clams* is the first adult trade book to deal exclusively with this gastronomic treat that is more complex than its simple two shells might reveal. *The Secret Life of Clams* features compelling insights, captivating biology, wry observations, and up-to-the-minute natural history that will keep readers engaged and enthralled. Written by award-winning science author Anthony D. Fredericks, *The Secret Life of Clams* includes a comfortable infusion of humor, up-to-date research, fascinating individuals (scientists and laypeople alike), and the awe of a fellow explorer as he guides readers on a journey of wonder and adventure. Along with an appreciation for oceanic creatures, this is a guidebook for armchair marine biologists everywhere who seek amazing discoveries in concert with compelling narration.

**The Happy Clam** May 28 2022 This book picks up where Rose's last book left off. If *Go Forward, Support!* was all about staying a child as long as possible, this book is all about being an adult. Started many years ago and finished in 2020, with the world on the brink of a global pandemic, this book's messages of hope and happiness are perhaps needed now more so than ever before. *The Happy Clam* scales the realms of happiness - physical, intellectual, emotional, relational, spiritual - bringing together findings from across the fields of psychology and philosophy, with practical advice on how to apply them and be happier. It turns out there are a thousand little things we can do to invite a little more happiness into our lives, to nudge the needle a tick or two, but only a few things that really make a difference. Why happy clam? Just as clams are filter feeders, taking in nourishment from what's in the passing current, Rose has taken in all the bits and bytes of daily news, research, and experience, and stitched them together to create a delicately-crafted mosaic rich in hope and inspiration. The book also shares deeply personal experiences, with both humor and gravity in the face of loss, along with serving up some favorite family recipes.

**Sammy, the Unhappy Clam** May 16 2021 Join Sammy, the Unhappy Clam, as he learns that we all have value regardless of who we are. We aren't all adorable puppies or kittens, some of us are clams. Even so, we all have something of value to contribute that will positively impact not just our lives but the lives of those who surround us. **101 Things You Say All the Time** Jul 06 2020 We all use these expressions to a greater or lesser extent because they are helpful. They constitute a kind of verbal shorthand by which we can express our intentions and our emotions. We are on cloud nine or in the pink. We are under the weather or at sixes and sevens. Sometimes things pan out, or they just aren't up to snuff. We know what we mean when we say these things, but we don't always know what we're talking about. How did these expressions come into the language? What are we really saying when we're happy as a clam or three sheets to the wind? This book intends to give you some of the answers-while at the same time letting you have some fun. Three possible explanations as to origin are given for each commonly used expression. Only one is correct, and a number on the page that follows will tell you which one it is. The other two are simply fabrications, which I made up to confuse you. See if you can figure out which is which. See if you can separate the wheat from the chaff. CFA

**A Boat, a Whale & a Walrus** Nov 29 2019 One of the country's most acclaimed chefs, Renee Erickson is a James-Beard nominated chef and the owner of several Seattle restaurants: The Whale Wins, Boat Street Café, The Walrus and the Carpenter, and Barnacle. This luscious cookbook is perfect for anyone who loves the fresh seasonal food of the Pacific Northwest. Defined by the bounty of the Puget Sound region, as well as by French cuisine, this cookbook

is filled with seasonal, personal menus like Renee's Fourth of July Crab Feast, Wild Foods Dinner, and a fall pickling party. This eBook edition includes complete navigation of recipes and ingredients with hyperlinks throughout the book in the Table of Contents, the menus, and the index. Home cooks will cherish Erickson's simple yet elegant recipes such as Roasted Chicken with Fried Capers and Preserved Lemons, Harissa-Rubbed Roasted Lamb, and Molasses Spice Cake. **What to Do When Children Clam Up in Psychotherapy** Jan 12 2021 Therapists who work with children and adolescents are frequently faced with nonresponsive, reticent, or completely nonverbal clients. This volume brings together expert clinicians who explore why 4- to 16-year-olds may have difficulty talking and provide creative ways to facilitate communication. A variety of play, art, movement, and animal-assisted therapies, as well as trauma-focused therapy with adolescents, are illustrated with vivid clinical material. Contributors give particular attention to the neurobiological effects of trauma, how they manifest in the body when children "clam up," and how to help children self-regulate and feel safe. Most chapters conclude with succinct lists of recommended practices for engaging hard-to-reach children that therapists can immediately try out in their own work.

**Ivar's Seafood Cookbook** Sep 19 2021 'Keep clam' and cook on with this seafood cookbook featuring 60 recipes from one of the most successful restaurants in the Pacific Northwest If Ivar's isn't a landmark, it ought to be. Serving local seafood—salmon, oysters, clams, halibut—for 75 years, it is one of the most successful restaurants in the Pacific Northwest. With their first cookbook, they serve up home-cooking recipes from the restaurant's extensive repertoire of seafood dishes. But what else would you expect from the folks whose motto is "keep clam?" Ivar's has a lively history of creative self-promotion, from their wild, giant dancing clams ads to their announced plan to introduce the iSpoon in 2015. The cookbook contains 60 of Ivar's best recipes, tantalizing photography, and a gathering of anecdotes and ephemera from three-quarters of a century of restaurant adventures, marketing feats and pranks, and dedication to serving its customers. Find out more at [www.ivars.com](http://www.ivars.com).

**The Quiet Little Clam** Dec 31 2019 The Quiet Little Clam is a children's picture book about a character with selective mutism. M is happy as a clam until the first day of school. It is a story that children can read themselves, a parent can read to a child, or a teacher can read to a class. Selective Mutism is an anxiety disorder where a child is unable to speak in certain situations. The disorder is not well-known and there are very few children's books on the subject. Through the power of storytelling, the goal of this book is to help children understand the disorder and to educate readers on some of the methods used to encourage talking. Author Kathleen Hong is a teacher and a parent of a child who has overcome selective mutism.

**The Angry Clam** Oct 09 2020 Combining the sensibilities of Larson's "The Far Side" and the soul searching of Plato's "The Cave, The Angry Clam" is a fresh, new, and insightful fable for adults. 44 illustrations.

**Happy as a Clam** Jan 04 2023 By listening to the expressions of others, Linda Cutler has come to realize that there is thankfully more humor in life than not, especially when it comes to well-known quips. In a collection of witticisms, Linda humorously dissects why we repeat sayings like “he drinks like a fish” and “happy as a clam” without questioning whether anyone has ever measured fish consumption for comparison and whether it is even possible to tell if a clam is happy or sad. While examining other amusing sayings such as “sweating like a pig,” “barking up the wrong tree,” and “striking while the iron is hot,” Cutler offers witty reflections and clever wisdom that encourages others to stop and think about what they are saying on a daily basis and what each phrase really means. *Happy as a Clam* is a collection of quips that make us all scratch our heads while wondering how we can sow wild oats, why we would ever want to spill our guts, and why there are vegetables like suffering succotash.

**Story Of A Clam** Jul 30 2022 *Story of a Clam* is a special, magical tale of an egotistical clam who thinks he and his community are the center of the universe. It offers us the artistry of the written word, creating an adventure in evolving consciousness. In an exciting series of events, the clam becomes aware that “there is more to life than you presently know and experience.”

**Razor Clams** Aug 19 2021 In this lively history and celebration of the Pacific razor clam, David Berger shares with us his love affair with the glossy, gold-colored *Siliqua patula* and gets into the nitty-gritty of how to dig, clean, and cook them using his favorite recipes. In the course of his investigation, Berger brings to light the long history of razor clamming as a subsistence, commercial, and recreational activity, and shows the ways it has helped shape both the identity and the psyche of the Pacific Northwest. Towing his wife along to the Long Beach razor clam festival, Berger quizzes local experts on the pressing question: tube or gun? He illuminates the science behind the perplexing rules and restrictions that seek to keep the razor clam population healthy and the biomechanics that make these delicious bivalves so challenging to catch. And he joyfully takes part in the sometimes freezing cold pursuit that nonetheless attracts tens of thousands of participants each year for an iconic “beach-to-table” experience. **Clams All Year** Sep 27 2019 Summer vacation at New England coast, Grandpa wakes the whole family to go clam digging after a big storm. Because of the storm, there are lots and lots of clams! Neighbors and friends join them on the beach to help dig the clams.

**The Happy Book** Mar 14 2021 From the creator of ARCHIE THE DAREDEVIL PENGUIN comes the unique story of two friends who can't escape all the feels. Camper is happy as a clam and Clam is a happy camper. When you live in *The Happy Book*, the world is full of daisies and sunshine and friendship cakes . . . until your best friend eats the whole cake and doesn't save you one bite. Moving from happiness to sadness and everything in between, Camper and Clam have a hard time finding their way back to happy. But maybe happy isn't the goal—being a good friend is about supporting each other and feeling all the feels together. At once funny and thoughtful, *The Happy Book* supports social-emotional learning. It's a book to keep young readers company no matter how they're feeling! *I'm Happy As a Clam* Dec 03 2022 *I'm Happy as a Clam* is a book geared for young children learning how the ocean meets emotions. The rhyming children's story provides local beach features which incorporate the life, fauna, and activities that you would find on the shores of Cape Cod. This book was designed to promote positive behaviors in the social and emotional development of young children. Core competencies were a factor in writing this book in order to align with educational guidelines and standards. This book focuses as an aid to parents, teachers, and care givers providing time to read and discuss social emotional issues. As the author creatively combines Cape Cod's nature with positive growth in children's social emotional development, the ultimate goal is a positive effect on cognitive growth and awareness of sea life for children.

**Are There Really Clams in Clam Chowder?** Jun 04 2020 This book is about one imperfect family's adventures, as told through stories about the events they have experienced together. Nearly every idea included began with a spur-of-the-moment action that either produced a useful result...or didn't. What worked, they did again. What didn't, they discarded. Some are humorous and all are insightful. You will see yourself in these stories and learn how to apply the wisdom you have gained from your own childhood and now as a parent. Glenda Wilkes, PhD, a developmental psychologist and parent of six (now grown and married) children has written and assembled a delightfully entertaining and enlightening collection of stories about her family. The lessons she learned will broaden your family's understanding of each other and help you create a shared learning dynamic. The result will be a more focused, thoughtful, and interactive parenting style. And you will have fun uncovering the underlying principles inherent in family life. New York Times best-selling author Dr. Kevin Leman touts Dr. Wilkes as “a narrator who has soaked up the details of her family's adventures and recounts them with humor and insight. This is a book you'll read again and again. It will cause you to recall your own childhood as well as give you new ideas for your own children.” All of us have family stories. Now it's time to discover how to learn from them!

*The One O'Clock Chop* May 04 2020 It's the summer of 1973 and fourteen year old Matt spends his days working on a boat as a clam digger to earn extra money. His nights are another story—he spends time with his free-spirited cousin Jazzy who is visiting from Hawaii (and just happens to be beautiful). Matt can't deny that his affection for Jazzy moves beyond a crush, and everyone knows you can't fall in love with your cousin. Just when Matt decides to act on his feelings, Jazzy does something that changes everything between them. Like the one o'clock chop—the strong breeze that blows across the Long Island Sound—Matt's summer proves to be as inevitable as a force of nature. Told with pitch-perfect angst and realism, Ralph Fletcher tells a gripping story of a teenager's life-altering summer. "Writing with his customary sensitivity and flair for language, Fletcher turns a coming-of-age story into a rich, affecting read." - Publishers Weekly

*Arsenic and Clam Chowder* Apr 02 2020 Recounts the sensational 1896 murder trial of Mary Alice Livingston, who was accused of murdering her mother with an arsenic-laced pail of clam chowder and faced the possibility of becoming the first woman to be executed in New York's new-fangled electric chair.

**Eaten by a Giant Clam** Nov 21 2021 The history of natural science across its many disciplines, including zoology, botany, geology or even malacology (the study of molluscs) is often a case of truth being stranger than fiction. There are countless stirring, occasionally alarming, natural history adventure stories to be told, rollicking tales of men and women risking life and limb in the name of science and in the cause of the broadening of human knowledge. Eaten by a Giant Clam focuses on the work of these natural scientists in the field. It comprises 22 stories, with a focus on the heyday of natural history endeavours between the eighteenth and twentieth centuries. Each story surveys the life and career of the scientist, with the main focus being career highlights and their most striking adventures. This fascinating book ranges in content from the humorous to the tragic, from the virtually unbelievable to the inspirational.

**Actually, Clams Are Miserable** Aug 07 2020 "WARNING: This book will teach you absolutely nothing. Seriously, you won't learn anything educational from this 125-page collection of sentences. You might snicker, you will probably shake your head, and some of you might even spit out your coffee laughing, but you won't be any smarter when you're done with it. (Clearly some reviewers thought otherwise.)" Actually, Clams Are Miserable is a humorous exploration of the clichés and expressions Americans use every day without really thinking about what they're saying. Some of the expressions poked fun of in this book include: "It's raining cats and dogs out there." "I'm all ears." "That's like comparing apples and oranges." "Let's bury the hatchet" "When push comes to shove" "Happy as a clam" "Let's give 110%" "Don't throw the baby out with the bath water" and many more. If you've said or heard any of those expressions in the last month, you might get a kick out of this book. But remember, you won't learn about the history or origins of these expressions. This isn't History 101, this is recess. So kick off your shoes (not literally, that might hurt someone) and enjoy a fun, easy read that will forever change the way you look at these common expressions.

**Biology of the Hard Clam** Mar 26 2022 The hard clam, *Mercenaria mercenaria*, is an important commercial, recreational and ecological inhabitant of coastal bays along the east and gulf coasts of the United States. This title represents the first state of the art summary of existing knowledge of the hard clam by experts in various disciplines. Containing a compendium of literature on the hard clam, comprehensive chapters on various aspects of its biology as well as summaries of knowledge including the gray literature on this economically important species, this volume represents a comprehensive source of biological information for managers and researchers interested in shallow marine and estuarine ecosystems. Research students and managers charged with maintaining coastal ecosystems will also find a wealth of background material. The first synthesis of available information on the *mercenaria mercenaria*, this title is a response to the needs of individuals involved in hard clam aquaculture and scientists interested in molluscan biology, coastal ocean ecology and similar fields. Over 2300 documents have been synthesized, and chapter authors have added unpublished information as well as new material.
