Research shows that the more vocabulary words an elementary student knows, the more likely he or she is to do well in middle and high school. Research also shows that there is a direct link between a student's vocabulary and their reading comprehension skills. I became concerned when my daughter began to show difficulty with reading comprehension. Her biggest problem appeared to be not knowing the meaning of many important words in her reading material. In speaking with my daughter's teacher I was shocked and disturbed to learn that with the new Common Core requirements, teachers don't have the time to teach the definitions of words like they used to. Instead, they are forced to concentrate on spelling and teaching a limited number of definitions. So I began to look for a way that parents can help their children learn the definitions of words so that reading is fun. 4th Grade Vocabulary Building Crossword Puzzles is the result.
