*for Fiscal Year 1968 100 Year Patra (Panchang)  
Vol 1 Ruby's Chinese New Year Year of Yes*

*The stunning beginning to an epic hardcover trilogy, #1 New York Times bestselling author Nora Roberts weaves an enthralling saga of suspense, survival, and the journey that will unite a desperate group of people to fight the battle of their lives... Think homeschooling is only for a handful of eccentrics on either end of the political spectrum? Think again. Today in America, two million primary- and secondary-school students are homeschooled. Growing at a rate of 10 percent annually, homeschooling represents the most dramatic change in American education since the invention of the mimeograph—and the story has only just begun. In *The Year of Learning Dangerously*, popular blogger, author, and former child actor Quinn Cummings recounts her family's decision to wade into the unfamiliar waters of homeschooling—despite a chronic lack of discipline, some major gaps in academic knowledge, and a serious case of math aversion. (That description refers to Quinn.) Trying out the latest trends, attending key conferences (incognito, of course), and recounting the highlights and lowlights along the way, Quinn takes her daughter's education into her own hands, for better and for worse.*

Part memoir, part social commentary, and part how-not-to guide, *The Year of Learning Dangerously* will make you laugh and make you think. And it may or may not have a quiz at the end. OK, there isn't a quiz. Probably. The guide to shortening your execution cycle down from one year to twelve weeks Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, *The 12 Week Year* avoids the pitfalls and low productivity of annualized thinking. This book redefines your "year" to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases and intensifies. The 12 Week Year creates focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness Authors are leading experts on execution and implementation Turn your organization's idea of a year on its head, and speed your journey to success. As Ruby travels to her grandmother's house to bring her a gift for Chinese New Year, she is

joined by all of the animals of the zodiac. Includes the legend of the Chinese horoscope and instructions for crafts. Full color. AN UNFOLDING OF YOUR LIFE ACCORDING TO THE PLANETARY SYSTEM IN VEDIC ASTROLOGY THAT LOOKS AT YOUR LIFE FOR 100 YEARS OR LESS. THIS BOOK WILL TEACH YOU FROM BASIC LESSONS ON LIFE TO THE KNOWLEDGE OF ACHIEVING A GIFT OF SEEING THE FUTURE THRU THE EYES OF THE ANCIENT RISHIS AND SAGES WHO WROTE SUCH GREAT BOOKS AS THE BIBLE, THE TORAH, THE KABALA, THE RAMAYAN AND THE BHAGAWAT GEETA. The knowledge contained in this book will give you the ability to make you and your family safe from all the great obstacles of life such as poverty, separation, death and destruction. The knowledge presented in this book is so accurate you can even predict your date of death and sickness so that you can take steps to change them before they happen..... The creator of "Grey's Anatomy" and "Scandal" details the one-year experiment with saying "yes" that transformed her life, revealing how accepting unexpected invitations she would have otherwise declined enabled powerful benefits. Beloved songbirds are drawn by the Banksy of the bird world, with descriptions of their birdsongs In a beautiful follow-up to Our Garden Birds, street artist Matt Sewell offers more watercolors and quirky descriptions of

songbirds. In Matt's world, the peewit sings the blues, and the bittern fills his neck "like a tweed pair of bellows." Distinctive and enchanting, with a songbird for each week of the year, this delightful gift book will appeal to birders both children and adults, and art and design fans alike. Draws on the latest research into the science of aging to explain how men over the age of fifty can turn back their biological clocks to live stronger, healthier, injury free, and more alert lives, spelling out a series of "Harry's Rules"--which includes Exercise Six Days a Week, Connect to Other People, and Eat What You Know You Should--and the science behind them. A New York Times-bestselling, in-depth exploration of the most pivotal moments in rap music from 1979 to 2014. Here's what The Rap Year Book does: It takes readers from 1979, widely regarded as the moment rap became recognized as part of the cultural and musical landscape, and comes right up to the present, with Shea Serrano hilariously discussing, debating, and deconstructing the most important rap song year by year. Serrano also examines the most important moments that surround the history and culture of rap music--from artists' backgrounds to issues of race, the rise of hip-hop, and the struggles among its major players--both personal and

professional. Covering East Coast and West Coast, famous rapper feuds, chart toppers, and show stoppers, *The Rap Year Book* is an in-depth look at the most influential genre of music to come out of the last generation. Picked by *Billboard* as One of the 100 Greatest Music Books of All-Time Pitchfork Book Club's first selection Based on the New Revised Standard Version of the Bible, this third in a series of three volumes provides resources for an entire year of sermons and offers practical help for preachers and others who use the Revised Common Lectionary. Beginning with Advent, this unique and comprehensive resource deals with lectionary texts for Year A. Each of the four texts--the Old Testament, Psalter, Gospel, and Epistle--for each Sunday and important festival day, including Christmas, Ash Wednesday, and Good Friday, is treated. A brief introduction for the day indicates the general thrust of the texts and the relationships among them, emphasizing the interpretation of the texts themselves. Also included are suggestions concerning the implications of the texts for life today. A Unique, Relational Way for Women to Read the Bible in a Year Many women feel overwhelmed at the thought of reading the Bible in a year. Diane Stortz found that it is not only possible but life-changing. Her journey from

initial reluctance to excitement about reading the Bible will inspire readers to try it for themselves. Part of a women's group that read through the Bible each year for ten years, the author discovered the value of reading the Bible to get to know God better rather than viewing it only as a book to study. This guide will give women tools to read and discuss the Bible together, drawing them closer to God and each other. Includes a week-by-week reading plan, discussion guide, lists of what to look for, and motivational quotes. The Instant New York Times Bestseller! A speculative thriller in the vein of *The Handmaid's Tale* and *The Power*. Optioned by Universal and Elizabeth Banks to be a major motion picture! "A visceral, darkly haunting fever dream of a novel and an absolute page-turner. Liggett's deeply suspenseful book brilliantly explores the high cost of a misogynistic world that denies women power and does it with a heart-in-your-throat, action-driven story that's equal parts horror-laden fairy tale, survival story, romance, and resistance manifesto. I couldn't stop reading." - Libba Bray, New York Times bestselling author *Survive the Year*. No one speaks of the grace year. It's forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe

their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That's why they're banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, *The Grace Year* examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between. One day, for no reason, the Animals woke up. They started thinking. They started talking. They started taking REVENGE. The world is plunged into chaos as the newly-intelligent Animals fight humanity, and simply fight each other, for their own life, liberty and pursuit of happiness. In the midst of the turmoil is Jesse, an 11-year-old girl, and her dog, Sandor, who is devoted to her and her

protection. Well along on their cross-country journey and ever closer to the goal of finding Jesse's half-brother, Adam, the Animals rest and consider their path. Where have they come from? Where can they go? When they were taken from the wild, how did their fates change humanity forever. What will they become? Yet circumstances propel them ever onward, as Sandor, Jessie and their companions stray into the oil fields where the bloody kings of Texas reign. Don't miss out on this fantastic third hardcover collection of the series everyone has been talking about since its debut!

Presents fascinating, unusual, and gross facts about excrement. Our bestselling AQA A Level French course has been updated for 2016. The course offers brand new content, equipping students with the grammar and structures required to manipulate language confidently for the exam. The blend facilitates co-teaching and includes AS and A Level Student Books and online resources delivered via Kerboodle. For more than fifty years, the world C. S. Lewis created in Narnia has captured our hearts and imaginations. Both children and adults have discovered that rereading the books leads to entirely new experiences and insights. In the midst of these breathtaking stories of adventure, betrayal, and discovery in a magical land are

profound messages about the true meaning of life. Whether it is Eustace struggling with his dragon skin, Digory debating obedience to Aslan versus saving his mother, or Edmund facing his shame after his rescue from the White Witch, the questions and dilemmas facing the characters are surprisingly relevant to us today. By pondering the world of Narnia, we better understand our own. In the first book of its kind, *A Year with Aslan* offers 365 of the most thought-provoking passages from all seven books, paired with reflective questions that get at the heart of what matters most. An unprecedented way to experience the magic of Narnia every day of the year, *A Year with Aslan* allows us all to go "Further up and further in!" From the Pulitzer Prize-winning author of *The Looming Tower*, and the pandemic novel *The End of October*: an unprecedented, momentous account of Covid-19—its origins, its wide-ranging repercussions, and the ongoing global fight to contain it "A book of panoramic breadth ... managing to surprise us about even those episodes we ... thought we knew well ... [With] lively exchanges about spike proteins and nonpharmaceutical interventions and disease waves, Wright's storytelling dexterity makes all this come alive." —*The New York Times Book Review* From the fateful first moments of the outbreak in China to the

storming of the U.S. Capitol to the extraordinary vaccine rollout, Lawrence Wright's *The Plague Year* tells the story of Covid-19 in authoritative, galvanizing detail and with the full drama of events on both a global and intimate scale, illuminating the medical, economic, political, and social ramifications of the pandemic. Wright takes us inside the CDC, where a first round of faulty test kits lost America precious time . . . inside the halls of the White House, where Deputy National Security Adviser Matthew Pottinger's early alarm about the virus was met with confounding and drastically costly skepticism . . . into a Covid ward in a Charlottesville hospital, with an idealistic young woman doctor from the town of Little Africa, South Carolina . . . into the precincts of prediction specialists at Goldman Sachs . . . into Broadway's darkened theaters and Austin's struggling music venues . . . inside the human body, diving deep into the science of how the virus and vaccines function—with an eye-opening detour into the history of vaccination and of the modern anti-vaccination movement. And in this full accounting, Wright makes clear that the medical professionals around the country who've risked their lives to fight the virus reveal and embody an America in all its

vulnerability, courage, and potential. In turns steely-eyed, sympathetic, infuriated, unexpectedly comical, and always precise, Lawrence Wright is a formidable guide, slicing through the dense fog of misinformation to give us a 360-degree portrait of the catastrophe we thought we knew. Nancy Mitford was a brilliant personality, a remarkable novelist and a legendary letter writer. It is not widely known that she was also a bookseller. From 1942 to 1946 she worked in Heywood Hill's famous shop in Curzon Street, and effectively ran it when the male staff were called up for war service. After the war she left to live in France, but she maintained an abiding interest in the shop, its stock, and the many and varied customers who themselves form a cavalcade of the literary stars of post-war Britain. Her letters to Heywood Hill advise on recent French titles that might appeal to him and his customers, gossip engagingly about life in Paris, and enquire anxiously about the reception of her own books, while seeking advice about new titles to read. In return Heywood kept her up to date with customers and their foibles, and with aspects of literary and bookish life in London. Charming, witty, utterly irresistible, the correspondence gives brilliant insights into a world that has almost disappeared. Now

in paperback, the latest book in the New York Times bestselling, one-million-copy-plus Younger Next Year franchise. The book that tells every reader how to lose weight, discover new vitality, and get in the best shape of your life. The book with the no-nonsense, no-BS, no-shortcuts approach. The book that shows that there's a revolution in aging going on. The book that is the how-to of that revolution. Chris Crowley, the memorable patient and coauthor of Younger Next Year, partners with Jen Satchek, a nutritionist and fitness expert from Tufts University, and in lively, alternating chapters they spell out a weight-loss plan that will have readers losing up to 25 pounds in the first six months—and, much more significantly, keeping it off next year, and the year after, and so on, for life. The message is straightforward and based on the most up-to-date nutritional science: resist the added-fat, added-sugar concoctions created by the food industry; skip the supplements; pile on fruits and vegetables to your heart's content, but it's OK to eat lean meats, too; and don't drink your calories. And exercise! With its simple, fully illustrated program of 25 "sacred exercises," here is everything the reader needs to build muscle, protect joints, add mobility, and put off 70% of the normal problems associated with aging

and eliminate 50% of serious illness and injury. "Clear, concise, well-balanced nutritious diet plan. Realistic exercise . . . [and] the combo of the authors—nutrition scientist and witty writer—makes this an easy-to-read volume with loads of timely, science-based information." —Madelyn Fernstrom, Diet and Nutrition Editor, TODAY and NBCNews.com

"Chock-full of easy recipes, meal plans, and exercise diagrams." —The Wall Street Journal

"The thirty-six stories in this collection imaginatively take us far across the universe, into the very core of our beings, to the realm of the gods, and the moment just after now"—Page 4 of cover.

Here are 365 classic hymn texts, along with stories of how they came to be written. This is an ideal starting point for personal or family devotions. This lovely devotional, created especially for you, features a simple plan for reading through the Bible in one year with an accompanying devotional thought inspired by that day's Bible reading.

The bestselling educational book helping parents connect with their child's learning potential. The great, pioneering achievement of Maria Montessori was to recognize the crucial importance of a child's first six years of development. During this time, a child's power of absorption are at their highest, and lifelong attitudes and

patterns of learning are formed. It is for this very sensitive period that the Montessori system of education can provide you, as a parent, with a unique opportunity to help your child develop into a responsible, thinking individual. This bestselling book has already helped thousands of parents connect with their children by introducing them at home to the dynamic Montessori method of education. The techniques, exercises, and easy-to-make Montessori materials presented here instill a sense of discovery and awareness in your child, and serve as an essential foundation for future learning. Covering the pre-school years from ages two to five, the lessons focus on reading and writing, mathematics, sensory awareness, and practical life skills. Updated and revised, this acclaimed guide puts the entire range of the Montessori system within your reach, so you can make the most of your child's vital years. An NPR education reporter shows how the pandemic disrupted children's lives—and how our country has nearly always failed to put our children first. The onset of COVID broke a 150-year social contract between America and its children. Tens of millions of students lost what little support they had from the government—not just school but food, heat, and physical and emotional safety. The cost was enormous. But this crisis began much

earlier than 2020. In *The Stolen Year*, Anya Kamenetz exposes a long-running indifference to the plight of children and families in American life and calls for a reckoning. She follows families across the country as they live through the pandemic, facing loss and resilience: a boy with autism in San Francisco who gains a foster brother and a Hispanic family in Texas that loses a member to COVID, and finds solace when they need it most. Kamenetz also recounts the history that brought us to this point: how we thrust children and caregivers into poverty, how we over-police families of color, how we rely on mothers instead of infrastructure. And how our government, in failing to support our children through this tumultuous time, has stolen years of their lives. Produced in partnership with the nonprofit organization [Kindness.org](https://www.kindness.org), *Be Kind* emboldens you to perform a simple and effective act of kindness every week for a year, benefiting others and yourself while deepening connections in your communities big and small. Each of the 52 weeks of kindness includes a dose of inspiration (e.g. a quote from an influential person or an authentic personal gratitude letter); a fascinating stat or fact about kindness that has been researched by Kindlab (e.g. 72 percent of employees think it is important or very

important for an employer to recognize kind acts in the workplace.); and a suggestion for an act of kindness to perform in one of the following areas: Kindness to self Kindness with kids Kindness toward those around you (service workers, people experiencing homelessness, etc.) Kindness as a group Kindness to the environment Kindness at work Cyber-kindness Fully illustrated, engaging, and inspiring, *Be Kind* will have you changing not only yourself and your communities, but also the world, one week at a time. Words of encouragement and inspiration from women around the world come together in the *Everyday Inspiration* series from Rock Point. Follow the journeys of hundreds of strong female leaders from past to present through thoughtful biographies and empowering quotes. The perfect gift for family and friends, these gorgeous hardcovers featuring foiled covers and full-color interiors bring these amazing words of wisdom to life. Other titles in the series include: *Beautifully Said*; *Grit & Grace*; *Find Your Glow*, *Feed Your Soul*; *Choose Happy*; and *Hello Gorgeous!* We tend to look to the New Testament to tell us about Jesus, yet it was the Old Testament about which Jesus said, "the Scriptures point to me!" In *The One Year Book of Discovering Jesus in the Old Testament*, Bible teacher Nancy Guthrie takes readers from

*Genesis through Malachi, shining the light of Christ on the promise of a descendent who will put an end to the curse of sin; the story of a father who offers up his son as a sacrifice; the symbol of a temple where people can meet with God; the prophecy of a servant who will suffer; the person of a king who will rule with righteousness—and so much more. Day by day throughout the year, readers will see the beauty of Christ in fresh new ways, creating a deeper understanding and appreciation for who Jesus is and what he accomplished through his Cross and Resurrection. NEW YORK TIMES*

*BESTSELLER • NATIONAL BOOK AWARD WINNER • From one of America's iconic writers, a stunning book of electric honesty and passion that explores an intensely personal yet universal experience: a portrait of a marriage—and a life, in good times and bad—that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year's Eve—the Dunnes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a*

second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion's attempt to make sense of the "weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself. With its fairytale pink façade and picture-perfect cupcakes, the Peggy Porschen Parlour has become a destination bakery for Londoners and tourists since it first opened ten years ago. Half a million people follow Peggy's creations and seasonal floral displays on Instagram and her customers include celebrities, global fans and influencers who come - often dressed in 'Peggy pink' - for an exquisite sweet treat, as well as to take selfies in the always-beautiful floral archway entrances of the parlours in Belgravia and Chelsea. This book pays tribute to the magic Peggy weaves with her bakes through every season. Going through the year and punctuated by special occasions, the recipes will cover cakes, iced cookies and cupcakes and will reflect the changing seasons. Peggy will also share some of her

unique style secrets so that fans can recreate the lifestyle at home. Valentine's Day Spring and Easter Summer Autumn Halloween Winter and Christmas Includes step-by-step photos for the trickier decorating techniques From critically acclaimed author Brian McLaren comes a brilliant retelling of the biblical story and a thrilling reintroduction to Christian faith. This book offers everything you need to explore what a difference an honest, living, growing faith can make in our world today. It also puts tools in your hands to create a life-changing learning community in any home, restaurant, or other welcoming space. The fifty-two (plus a few) weekly readings can each be read aloud in 10 to 12 minutes and offer a simple curriculum of insightful reflections and transformative practices. Organized around the traditional church year, these readings give an overview of the whole Bible and guide an individual or a group of friends through a year of rich study, interactive learning, and personal growth. Perfect for home churches, congregations, classes, or individual study, each reading invites you to Cultivate an honest, intelligent understanding of the Bible and of Christian faith in 21st century Engage with discussion questions designed to challenge, stimulate, and encourage Reimagine what it

means to live joyfully and responsibly in today's world as agents of God's justice, creativity, and peace. If you're seeking a fresh way to experience and practice your faith, if you're a long-term Christian seeking new vitality, or if you feel out of place in traditional church circles, this book will inspire and activate you in your spiritual journey. Watch out, Brussels Academy - this robot will outwit you all! If super-high-tech android Dotty can spend an entire year masquerading as a twelve-year-old schoolgirl, she could win a multi-million-pound prize that will enable her creators to continue their ground-breaking work in the development of AI. Easy-peasy, right? As Dotty navigates the social expectations of Year 7 she gets into a series of hilarious scrapes, and encounters numerous ethical dilemmas both at school and at home. Then a boy in her class discovers there's a reward for outing the robot, and becomes intent on proving that Dotty is not who - or what - she says she is. To prevent herself from being discovered, Dotty needs to put into practice everything she has learned about being human. But will it be enough...? At some point in their lives, 80% of Americans will seek expert help for back pain. It's an epidemic, with a cost to society in medical expenses and lost productivity that is steeper

than heart disease. But remember the 80% figure—that's the astonishing cure rate at Dr. Jeremy James's Aspen Club Back Institute. A Doctor of Chiropractic who took that path because of his own severe injury-induced back pain, he has developed a revolutionary behavioral/whole-body approach to help sufferers heal—and often eliminate—back pain forever. Co-written with Chris Crowley, *The Younger Next Year Back Book* follows the alternating chapter format of the #1 New York Times bestselling *Younger Next Year* and other books in the series. And just as millions of readers positively changed their lives following Harry's Rules in *Younger Next Year*, the millions of back pain sufferers can find relief following Jeremy's rules, including *Stop Doing Dumb Stuff*, *Be Still So You Can Heal*, and *Stand Tall for the Long Haul*. He explains the workings of the spine and muscles, and then why back pain is almost never a disease, per se, but the result of behavior. He then shows how to change our behavior, find a neutral spine, and begin a regimen of simple exercises—with step-by-step two-color illustrations—to realign our core to virtually eliminate back pain forever. Chris Crowley, in his been-there-done-that-and-you-can-too-damnit! voice, provides all the motivation and patient perspective we need.

Describes the invention of the algorithm, first theorized by Leibniz, and the dramatic implications of this mathematical discovery on the development of computer technology and the working of DNA. Thirteen-year-old Cynn timer has had to deal with her mother's alcoholism and stream of boyfriends all her life, but when her grandparents take custody of her brother, who has Down Syndrome, Cynn timer becomes self-destructive and winds up in court-mandated Alcoholics Anonymous meetings. A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. "Stirring . . . [a] blueprint for all those who believe . . . that 'the world . . . should be full of people raising their voices.'"—The New York Times "Revealing, with the gripping intrigue of a Grisham thriller." —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, *What the Eyes Don't See* reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an

entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family's activist roots inspired her pursuit of justice. *What the Eyes Don't See* is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children.

*Praise for What the Eyes Don't See* “It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero.”—Erin Brockovich “A clarion call to live a life of purpose.”—*The Washington Post*

“Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page.”—*The New York Times Book Review* “Personal and emotional. . . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . ‘Flint will not be defined by this crisis,’ vows Ms. Hanna-Attisha.”—*The Economist* “Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective,

who cracked the case.”—Rachel Maddow This fully illustrated chapter book follows Anna, a young Asian-American girl, as she navigates relationships with family, friends, and her fourth-grade classroom, and finds a true best friend. Illustrations. The Haiku Year exists because seven friends made a pact to write haikus every day for a year as a way to keep in touch with each other. The finished product is a document of a year’s worth of moments filled with joy, sorrow and unexpected beauty. The book y creates the sense that present moments do not just disappear and provides a visceral understanding of how these moments fit into the context of the rest of our lives. The short verses in Haiku Year stab and elate. They hint at both the transcendence and mediocrity of everyday life. The power of Michael Stipe’s southern, twilight drenched lyrics from early REM albums is present in the volume. Douglas A. Martin’s sparse yet descriptive prose gleams throughout. The thoughtful storytelling of Grant Lee Phillips is pared down to the simplest words to describe an instance. The Haiku Year is about the appreciation of small moments of beauty, ultimately adding up to the appreciation and respect not only for our individual lives but for all the lives that intersect with ours. The Haiku Year effortlessly urges readers to

*enjoy details and to let spare moments pierce through the numbness of everyday routine.*
