The Typewriter Revolution: A Typist's Companion for the 21st Century Mar 29 2022 The connoisseur's guide to the typewriter, entertaining and practical. What do thousands of kids, makers, poets, artists, steampunks, hipsters, activists, and musicians have in common? They love typewriters—the magical, mechanical contraptions that are enjoying a surprising second life in the 21st century, striking a blow for self-reliance, privacy, and coherence against dependency, surveillance, and disintegration. The Typewriter Revolution documents the movement and provides practical advice on how to choose a typewriter, how to care for it, and what to do with it—from National Novel Writing Month to letter-writing socials, from type-ins to typewritten blogs, from custom-painted typewriters to typewriter tattoos. It celebrates the unique quality of everything typewriter, fully-illustrated with vintage photographs, postcards, manuals, and more.

First Earth Battalion Operations Manual Oct 31 2019 Evolutionary Tactics, A Blueprint for Action, The Real Light at the end of the tunnel from the Vietnam era. Sometimes it takes the perspective of history to unmask the true genius of a person, a book or a point of view. Perhaps even more telling, the first attempt to deal with the subject of Jim Channon's First Earth Battalion was through the vehicle of comedy. The Men Who Stare at Goats, the movie starring George Clooney did not treat the ideas at the core of the First Earth Battalion with anywhere near the attention they deserve. In fact one could say that the movie trivialized the concept through humor, and marginalized the principals as addled characters. The true nature of the First Earth Battalion can begin to be appreciated by reading the Operations Manual. A hand illustrated work of art highlighting a new direction for not just the military but the planet as well. The fact that Jim felt the army could take the lead in this matter speaks to his own brand of practical idealism that untold numbers of corporate leaders took advantage of on his retirement from the Army. See: <http://cyber.mpnodes.info/archives/509> for the "Goats Declassified" featurette from the DVD to get the real backstory of what transpired and continues to this day.

The Official CIA Manual of Trickery and Deception Aug 02 2022 Magic or spycraft? In 1953, against the backdrop of the Cold War, the CIA initiated a top-secret program, code-named MKULTRA, to counter Soviet mind-control and interrogation techniques. Realizing that clandestine officers might need to covertly deploy newly developed pills, potions, and powders against the adversary, the CIA hired America's most famous magician, John Mulholland, to write two manuals on sleight of hand and undercover communication techniques. In 1973, virtually all documents related to MKULTRA were destroyed. Mulholland's manuals were thought to be among them—until a single surviving copy of each, complete with illustrations, was recently discovered in the agency's archives. The manuals reprinted in this work represent the only known complete copy of Mulholland's instructions for CIA officers on the magician's art of deception and secret communications.

Photographer's Guide to the Panasonic ZS100/TZ100 Apr 17 2021 This book is a complete guide to the use of the Panasonic Lumix DMC-ZS100 camera, which is known as the TZ100 in Europe, and as the TZ110, ZS110, or TZ101 in other areas. The 200-page book shows beginning and intermediate photographers how to capture excellent images and video sequences with the ZS100. The book explains the camera's controls for autofocus, manual focus, aperture, shutter speed, exposure compensation, white balance, and ISO, as well as many other settings. The book also discusses the camera's many options for playback, setup, and customizing the operation of its various buttons and other controls. The book contains more than 400 color photographs showing the camera's controls, display screens, and menus. The book includes examples of photographs taken using the many creative settings of the camera, including the Photo Style settings; the Creative Control mode picture effects, which provide the ability to customize the appearance of images in dramatic ways; and the camera's strong array of features for continuous shooting and shooting in high-contrast lighting conditions. The book also includes a full discussion of the video recording abilities of the ZS100 camera, which offers manual control of exposure and focus during movie recording, and which provides ultra-high definition 4K recording of motion pictures. The book also explains the camera's special features for extracting still images from 4K video footage and using the Post Focus feature to select a sharply focused image after a shooting session. In three appendices, the book provides information about accessories for the ZS100, including cases, power supply options, and other items, and includes a list of web sites and other resources for further information. The book includes an appendix with helpful Quick Tips that explain how to take advantage of the camera's features in the most efficient ways possible.

Dvoretsky's Endgame Manual Nov 24 2021 The first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame. The second edition is revised and enlarged - now over 400 pages - covering all the most important concepts required for endgame mastery. "I am sure that those who study this work carefully will not only play the endgame better, but overall, their play will improve. One of the secrets of the Russian chess school is now before you, dear reader!" - From the Foreword to the First Edition by Grandmaster Artur Yusupov "Going through this book will certainly improve your endgame knowledge, but just as important, it will also greatly improve your ability to calculate variations... What really impresses me is the deep level of analysis in the book... All I can say is: This is a great book. I hope it will bring you as much pleasure as it has me." - From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here's what they had to say about the First Edition: "Dvoretsky's Endgame Manual ... may well be the chess book of the year... [It] comes close to an ultimate one-volume manual on the endgame." - Lubomir Kavalek in his chess column of December 1, 2003 in the Washington Post. "Dvoretsky's Endgame Manual is quite simply a masterpiece of research and insight. It is a tremendous contribution to endgame literature, certainly the most important one in many years, and destined to be a classic of the literature (if it isn't already one). The famous trainer Mark Dvoretsky has put together a vast number of examples that he has not only collected, but analysed and tested with some of the world's strongest players. This is a particularly important book from the standpoint of clarifying, correcting, and extending the theory of endings. Most of all, Dvoretsky's analysis is staggering in its depth and accuracy." - John Watson, reviewing DEM at The Week In Chess 2003 Book of the Year - JeremySilman.com 2003 Book of the Year - Seagaard Chess Reviews: "This is an extraordinary good chess book. To call this the best book on endgames ever written seems to be an opinion shared by almost all reviewers and commentators. And I must say that I am not to disagree." - Erik Sobjerg

The Gentlemen's Book of Etiquette and Manual of Politeness Apr 29 2022 This book provides rules for the etiquette to be observed in the street, at table, in the ball room, evening party, and morning call; with full directions for polite or responsive, dress, conversation, manly exercises, and accomplishments. Man was not intended to live like a bear or a hermit, apart from others of his own nature, and, philosophy and reason will each agree with me, that man was born for sociability and finds his true delight in society. Society is a word capable of many meanings, and used here in each and all of them. Society, par excellence; the world at large; the little clique to which he is bound by early ties; the companionship of friends or relatives; even society tete a tete with one dear sympathizing soul, are pleasant states for a man to be in. All in all this is a great book on etiquette. A great place to learn the rules of etiquette.
